EVENTS MANAGEMENT BY SPECIALISTS

Mission and vision

Mission

Provide the best services for the operation and logistics of events, booth building and all our services. Establishing a culture of continuous improvement with all our work teams and suppliers.

Vision

Be the best supplier of Mexico in operations and logistics of events, either it is a Congress, Convention or exhibition. To achieve this we established a culture of continuous improvement, making that every day the members of our team listen to customers and contribute ideas to provide exceptional services.

What do we do?

Our service is not just about doing the job, we put on your company's t-shirt.

We give a service beyond what was expected.

We are aware of the needs of our customers, we act and propose new ideas.

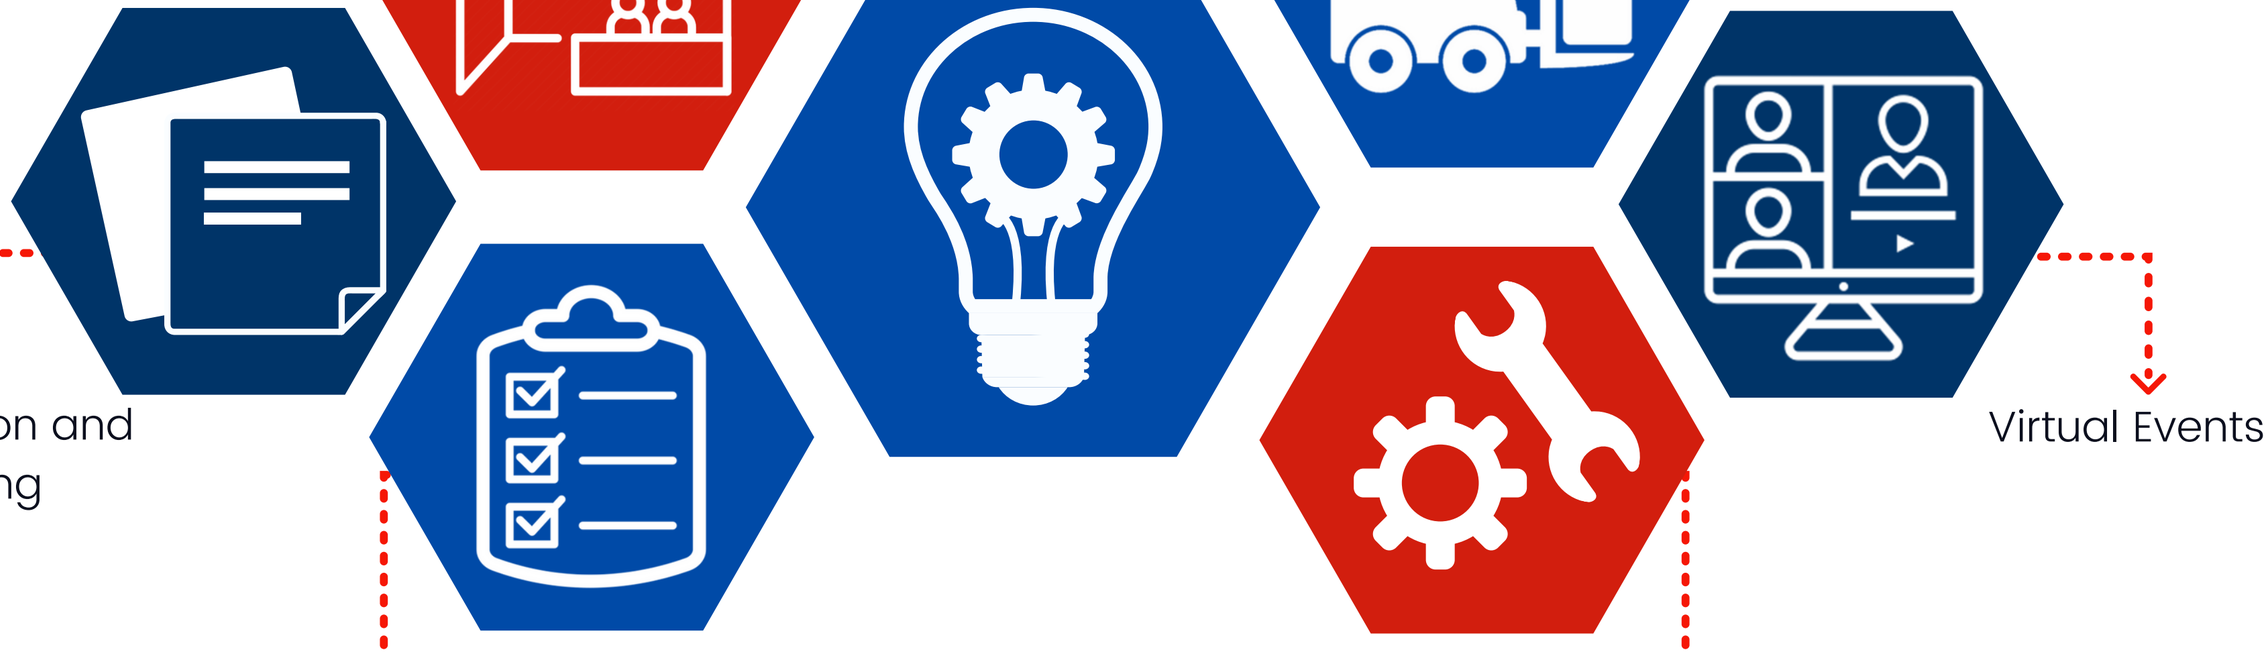

Our Services

Assembly and disasembly of booths

Ideas and Creative (Design of new areas)

Transport of machinery and/or exhibition material

Organization and Planning

Operation and Logistic

Design and manufacturing of booths

Virtual Events

How we operate?

Project planning and quote. We review the needs in detail and leave a solid quote, optimizing resources.

The operation, move in and move out of the event or booth. Review of details and compliance with the commitments made, considering the regulation of the venue and /or show management.

Process review, with deadline programming, planning of all the details that will happen in the show.

Delivery of results. Whether it is an event or a booth, we review the show and what we can improve and optimize.
